

Register Here for Conclave 2021!

Brothers of SR-7B,

I hope that you and those you care about are doing well and staying healthy. The section leadership team is hard at work planning the 2021 Cardinal Conclave! While we recognize that current Covid-19 related restrictions may change the way the event looks this year, we are committed to having a safe and fun event that follows all state and local guidelines. To make this happen, we are implementing a cohort model, where delegates will remain within a cohort of 50 people throughout the entire weekend. The cohort will camp together, eat meals together, and participate in program together, without interacting with other Arrowmen outside of their cohort. This exciting new Conclave format will not only allow us to have a safe event but will also allow delegates from different lodges to meet one another and share in fellowship. The cohort model will introduce fun new program elements such as Cardinal Chef, Section Scientists, and SR-7B Shooting Sports! You can learn more about these programs, the cohort model, and sign up today at sr7b.org/conclave!

In addition to utilizing the cohort model, face coverings will be required, and social distancing will be practiced throughout the weekend, as required by state and local guidelines. We will also require delegates to screen themselves for symptoms prior to their arrival, when they arrive at camp, and daily throughout the event. We will provide delegates with detailed information on how to complete these requirements close to the event. We look forward to seeing you at the 2021 Cardinal Conclave!

Yours in Brotherhood,
Ethan Syster Section Chief

Conclave Workday

February 13th

We want YOU to join us!

Klahican Lodge is having another Conclave workday on February 13, 2021! The entire section is welcome to attend. The event will take place from 8:30am to 5pm at Cape Fear Scout Reservation. The cost is \$10 for lunch and a patch. Participants will be split up into groups of 10 and lunch will be delivered to them to reduce the spread of COVID-19.
